

ARCHITECTURAL ACCESSORIES

Mecho has the accessories you need to complete your job with ease and a professional appearance. Offering a complete line of color-coordinated aluminum accessories including pockets, side and sill channels, and fascia.

Pockets

Our newest innovation is the revolutionary ElectroPocket™. UL certified to have below the ceiling wiring. ElectroPocket's design eliminates the need for extensive on the job wiring and features a modular design that clips together at the jobsite for ease of installation and transport.
